RE: **BILL SMITH ELECTRIC**
P. O. Box 1057
Gonzalez, FL 82560

Please accept this letter as our sincere recommendation for Bill Smith Electric.

We had the pleasure of working with the team at Bill Smith Electric on a recent project for the Church of Jesus Christ of Latter-day Saints in Foley, Alabama. From start to finish all of the Bill Smith team showed extreme competence, knowledge and a dedication to professionalism rarely found in today's construction market. It was a breath of fresh air to deal with an experienced field team with the complete backing of their management who were focused on eliminating and solving field issues ahead of the work and thus continuously completing their work on or ahead of the project schedule with excellent quality.

In speaking for the entire Opus team, we would highly recommend Bill Smith Electric for any project and hope to have the opportunity to work with them ourselves again in the near future.

Should you have any questions or if I may be of further help please feel free to call.

Sincerely,

OPUS SOUTH CONSTRUCTION CORPORATION
